        <dcterms:license xml:lang="en">It may be freely copied and distributed for
            non-profit use. I distribute it at
            http://www.und.edu/dept/linguistics/textbooks/UsingElan.pdf. You may
            make modifications to it 1) if you include a note indicating that you
            have done so and describing in general the types of revisions that you
            have made, 2) if your revised version is freely distributable on the
            same basis as the original, and 3) if any claims of intellectual
            property you make for your revised version do not in any way interfere
            with what I do with my version. I would also appreciate a copy of your
            revised version, so that I can incorporate your changes as
            appropriate; I will of course acknowledge your contribution. Actually,
            if you see ways to improve it, I'd prefer that you send the
            suggestions to me; I'll incorporate them in a new version and send it
            back. But, since time pressures might not allow this, I have given you
            permission to make the changes yourself. If you want to translate it,
            see footnote 9. I take full responsibility for the contents of this
            work, including the opinions expressed in it.</dcterms:license>
